To Whom It May Concern:

Re: Ra-Lin and Associates, Inc.
Ken Lovvorn, Estimator

I have been a satisfied customer of Ken Lovvorn and Ra-Lin for over 30 years, during which time they have satisfactorily completed over \$15,000,000 worth of construction work. Our family group continues to work with them regularly on current projects and we would recommend them to any customer, public or private.

The organization has a very solid reputation in the West Georgia area. They also have a reputation of being practical and positive with regard to cost, and I know enough of the workings of the company to know that much of this reputation is due to the ability of Ken Lovvorn, who in addition to other duties, is their chief estimator. Ken is an experienced, practical engineer who is extremely cost conscious and reliable.

I would be glad to answer inquiries from prospects with additional details.

Sincerely,

C. A. Roush Jr.
